# TAKE IT TO THE STREETS

## CRITICAL TO UNDERSTAND

The city of Chicago, Illinois has (paused) the draconian debt collection measures that garnish state income tax rebates and forcing motorists to provide thousands of dollars to enter into a repayment plan. Also the state and city of Chicago now allows motorists to regain driving privileges provided their only offense is unpaid parking tickets. So fight your case now!

## FACT CHECK

71% of the tickets in the 23rd ward were contested and not found liable!
